REMODELING & REPLACEMENT WINDOWS

NEVER SETTLE

OUR MISSION:
BRINGING HAPPINESS TO EVERY HOME™

To achieve this mission, we knew that we had to buck the industry trend and create a streamlined system that makes the home improvement process an enjoyable one for you, the home owner.

Over the past 16 years, as our company has grown from a one-person startup to a regional home improvement brand, the commitment to our core values has only strengthened. We firmly believe that putting the customer first and providing them with an amazing experience at every interaction has been integral in allowing us to bring happiness to over 225,000 homes in our communities.

With West Shore Home, you never have to worry that you are sacrificing on quality, convenience, or expertise. We specialize in stunning new, energy efficient windows that not only add beauty to your home, but save you money as well. We are locally owned and operated with in-house installers, so we can guarantee the quality of the whole project and can back everything with a lifetime warranty. We get it done the way you want - fast, easy, smart and right.

AWNING WINDOW

Awning windows open effortlessly with the turn of a crank handle, pivoting outward from the bottom. Great for bringing sunlight and fresh air to rooms with limited wall-space, awning windows can be installed above a double hung or casement window for added ventilation, even during light rainstorms.

FEATURES & BENEFITS

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy efficiency
- Triple weather stripping for enhanced thermal performance
- Multi-point locking hardware creates a tighter, safer seal
- Unique outward hinge

CASEMENT WINDOW

Our Casement windows perfectly compliment the simplicity of modern design while providing maximum view and ventilation. Cherished for their clean, uncluttered views and their ease of operation - opening and closing with the turn of one easy to reach handle.

FEATURES & BENEFITS

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy efficiency
- Triple weather stripping for enhanced thermal performance
- Multi-point locking hardware creates a tighter, safer seal
- 90° hinge capability provides maximum ventilation and airflow

HOPPER WINDOW

Hopper windows are great for areas with limited wall space, such as basements or garages. In addition to letting in sunlight, hopper windows tilt inward to allow in fresh air when you need it, and close tightly with dual point locks to provide a safe, solid, and secure seal against the elements.

FEATURES & BENEFITS

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy efficiency
- Tilts in to allow for ventilation
- Heavy-duty handle provides years of worry-free operation

DOUBLE HUNG WINDOW

A window best suited to traditional architectural styles. Our double-hung provides a classic appearance in any home. The sashes tilt inside your home for easy cleaning. Beneath it's traditional appearance, this low maintenance vinyl window is hard at work providing durable, energy efficient performance.

FEATURES & BENEFITS

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Metal-reinforced meeting rail delivers superior strength and durability
- True sloping sill optimizes water drainage and eliminates unsightly weep holes
- Constant-force balance system with detent clip helps prevent sash from drifting

SLIDING WINDOW

The modern convenience of a sliding window is an ideal solution where a projecting window interferes with walkways, patios and decks. These windows easily slide open with either side of the window being operational. Select from a standard slider with lift out sashes or a Tilt-In slider with easy swing in sashes for easy cleaning providing a great outdoor view from the comfort of your home.

FEATURES & BENEFITS

- Welded, multi-chambered frame and sash for superior strength and energy efficiency
- Heavy-duty weatherstripping for protection against wind, rain, dust, and noise
- Dual adjustable roller system results in easy operation
- Interlocking sashes help reduce air infiltration

PICTURE WINDOW

Picture windows are aptly named because of their appearance and what they deliver – picturesque views. Featuring large, fixed panes with no sash and a slender frame to maximize viewing areas, picture windows are an ideal choice for those who really want to take advantage of the tremendous views around their home.

FEATURES & BENEFITS

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy efficiency
- Beveled exterior profile
- Architectural shapes available
